Easy Arm® Intelligent Lifting Device

The Easy Arm™ Intelligent Lifting Arm is an ideal solution if you're looking for a turnkey, plug and play lifting solution. You get all the strength, precision, and speed of our patented G-Force® lifting technology and processor controlled electric servo drive system in the body of an ergonomic articulating jib crane.

- Capacities: 165, 330, 660
- Spans from 6' to 14'
- Height under hook of 6'-11'
- Speeds up to 180 ft. per minute
- 660 - Lifting speeds up to 45 ft. per minute in high production environments
- Cost effective turnkey solution

Enclosed Track Work Station Cranes

Gorbel® Work Station Cranes are a proven way to improve productivity, increase quality, and provide a safer work environment. Both the aluminum and steel Gorbel Workstation Crane Systems utilize enclosed track that is high in strength and low in weight. With the ability to span up to 30 ft. and lift capacities between 150 and 4000 lbs., our line of ergonomic crane products guarantees increased productivity.

- Capacities from 150 to 4000 lbs
- Rectangular Coverage with up to 34' bridge and 124' runway standard
- Standard support distances of 20, 25, and 30 feet.
- Easy to move and position loads
- Modular design for greater flexibility

Jib Cranes

Free Standing Jib Cranes are Gorbel's most versatile crane. They are perfect to place underneath large bridge cranes, in open areas where they can serve several work stations, in outdoor applications such as loading docks, or in machining and assembly operations where they can be overlapped with other jibs to provide staged operation.

- Capacity up to 10,000 lbs.
- Coverage: circular, Standard spans to 20'
- 360 degree rotation
- 3 Mounting styles; base plate mounted, sleeve mounted, insert sleeve mounted

Need a smaller crane? We've got you covered. We have jibs with capacities starting at just 50 lbs. Talk to us about your application and we'll find the best one!
